TESTIMONIALS

“We wish to personally acknowledge your hard work, dedication and professionalism in making our dream home a reality. Your service to us as the client before, during and after the completion of our home has been truly exemplary. This is a differentiating factor when there are so many players in the market. You are an asset to the franchise. If family & friends are ever looking to build a home in the future, we will certainly recommend you in the first instance.”

GARY & MELANIE SWANSON

“We are really enjoying our new home. Karen, your help & support from the beginning of the project certainly set us up for a reasonably smooth ride. Your knowledge & experience is a valuable asset to your company. No project is without a few hiccups & headaches, but these were thankfully kept to a minimum & handled extremely professionally. Our sincere thanks to the rest of the team for a job well done. Building with G.J. Gardner was an experience well worth sharing.”

TREVOR & DEBBIE PRYCE

“Karen was the main reason we chose to build with G.J. Gardner. She listened to what we said from the very start and importantly worked very closely with the budget we had set. Her experience in the building industry and knowledge of building regulations allowed us to understand the process easily. Karen is a person who we trusted throughout the whole process and we would not hesitate in recommending her.”

DAMIAN & KATE

“When we met Karen we immediately felt she understood what we wanted to achieve, and were taken seriously. At the time we were still living in Europe with the intention of moving to New Zealand. She drew up a house exactly just the way we hoped it could be and in the price range we could afford. She has been very helpful and kind throughout the whole building process, competent and professional, with a personal touch. We’d just like to say thank you very much!”
